Crave '23 is a food and music festival carried out to raise funds for charity. Phase 02 of Crave 2023 will take place as a community service project during which we wish to help out the less fortunate members of our community.

For this phase we hope to visit a rural school in Sri Lanka and provide the students with the necessary stationery for the upcoming year as well as to provide the school with facilities that are presently unavailable to them. We also hope to conduct a short fun day for the students during our visit.

Cheenta '23 is a community service project for which the UN Club will be visiting an orphanage in Colombo. To celebrate the spirit of giving this Christmas we will be donating dry rations, stationery and other items that they might need as well as playing games and engaging in fun activities with the children in the orphanage.

The United Nations Club will be partnering with the Social Service Club, Humanity First Society and the Interact Club for Alokaya '23, a social service initiative organized for the maintenance staff of Bishop's College.
